## PROGRAMMING SKILLS

---

• **Languages:** JavaScript, Python, PHP, .NET, SQL

**Technologies:** Git, Docker

## PROJECTS

---

- **Sorce.io:** Developed and deployed a responsive website using JavaScript, SCSS, PHP, and WordPress. Implemented a custom theme, optimized load time by 40%, and improved SEO using caching and schema markup.
- **DJ Social:** Engineered a full-stack social media platform with Django, React, PostgreSQL, and Redis. Implemented real-time chat and notification systems using WebSockets, designed a RESTful API for user interactions, and deployed on Render and Vercel.

## EXPERIENCE

---

- **Junior Web Developer** Remote  
*Collaborated with an International Developer on Sorce.io* 2021 – 2022
  - **Front-end Development:** Contributed to the implementation of the Sorce.io website using JavaScript and SCSS to create responsive, user-friendly interfaces.
  - **Back-end Integration:** Assisted in developing custom WordPress and PHP components for dynamic content management and SEO optimization.
  - **Collaboration:** Worked remotely with an international developer, using Git-based workflows and code reviews to maintain project quality and performance.
- **Front-End Developer** Remote  
*Delivaroo Project* 2023
  - **GitHub Repository:** Refactored and migrated an existing vanilla JavaScript codebase to Vue.js, improving maintainability, modularity, and performance.
  - **UI/UX Implementation:** Implemented reusable components, responsive layouts, and state management to streamline development and enhance user experience.
  - **Collaboration:** Worked with a backend team to integrate APIs for user authentication, order tracking, and delivery management.
- **Independent Developer** Dhaka, Bangladesh  
*Personal Projects and Open Source Contributions* 2022 – Present
  - **Sorce.io:** Developed and deployed a responsive website using JavaScript, SCSS, PHP, and WordPress. Built a custom theme, optimized site performance, and implemented SEO best practices.
  - **DJ Social:** Engineered a full-stack social media platform using Django, React, PostgreSQL, and Redis. Integrated real-time chat and notification systems with WebSockets, and deployed on Render and Vercel.

## EDUCATION

---

- **Daffodil International University** Savar, Bangladesh  
*Bachelor of Science in Computer Science and Engineering;* Jan. 2022 – Dec. 2025
